Services offered:

- o Internet

HughesNet® is the high-speed Internet solution that's available to everyone in the contiguous U.S. with a clear view of the southern sky. HughesNet uses satellite technology to give you a super-fast, always-on Internet connection—so you can enjoy the Internet the way it was meant to be. HughesNet gets you online instantly, lets you surf and open pages faster and download files in a fraction of the time it takes a dial-up modem.

The Regional Telecom Broadband map statistics were generated using the Zip Codes from within the twenty-three regions serviced by AdvantageWest Economic Development Group and is not intended to be complete or absolute. Please contact the individual service provider with your service address for actual and additional availability of services.
